

Are You Getting What You Deserve?

Are You Getting the Equipment You Deserve?

- How old is the equipment you've been provided?
- Does it use the latest technology?
- How often are your machines breaking down?
- Are you losing money and irritating your customers?

We offer brand new, state-of-the-art equipment with optional remote polling and monitoring.

Are You Getting the Revenue You Deserve?

- How much revenue is the equipment really generating?
- How do you know?
- How is revenue recorded and verified?
- Is there any opportunity for **shrinkage** by your provider?

With our "Smart Technology," every transaction is recorded and reported.

Are You Getting the Service You Deserve?

- How long are your machines out of order?
- How do you know?
- How many customers go somewhere else when the equipment is down?

Our equipment tells us when it's broken.
